Notice of Proposed Increase in Garbage and Recyclables Collection Service Rates

County Franchised Area (Burlingame to Menlo Park) effective January 1, 2025

This notice is to advise property owners of the County of San Mateo Board of Supervisors' (Board) proceedings to set rates for garbage and recyclables collection services in the Unincorporated Franchised Area (County Franchised Area). Adoption of the rates will result in property related charges, and this notice is, therefore, given in accordance with Proposition 218 and Article XIID of the California Constitution.

This notice can be made available upon request in other languages and formats.

Garbage and Recyclables Collection Service in the County Franchised Area

Garbage and recyclables collection services to properties in the County Franchised Area are provided through a Franchise Agreement between the County of San Mateo and Recology San Mateo County (Recology). The County Franchised Area includes the following areas: Burlingame Hills, San Mateo Highlands and Baywood Park (Crystal Springs area), Harbor Industrial, Devonshire Canyon, Palomar Park, Oak Knoll, Kensington Square, Emerald Lake Hills, Sequoia Tract, Peninsula Golf Club, and Trailer Rancho.

The County Ordinance Code ("Title 4, Sanitation and Health, Chapter 4.04 Solid Waste Collection, Transport, Storage, and Disposal") Section 4.04.340-4.04.380 defines the minimum residential and commercial service levels in the Franchised Area.

ReThinkWaste

RethinkWaste, also known as South Bay Waste Management Authority (SBWMA) is a joint powers authority formed by eleven local government jurisdictions. This authority owns and manages the Shoreway Environmental Center and provides oversight and support of service providers that collect, process, and dispose of materials. Recology San Mateo County (Recology) is the current franchise holder and provides solid waste collection services to County Service Area No. 8 (CSA-8) and the Unincorporated Franchised Area (CFA) within the SBWMA service area (Burlingame to Menlo Park). You can visit their website for more information about the agency www.rethinkwaste.org

Proposed Rate Increase

The adoption of the annual garbage and recyclables collection rates for Unincorporated Franchised Area (CFA) follows a Proposition 218 rate-setting process. This includes setting a hearing date, holding a public hearing, and adopting the final rates for the calendar year. The rates specified in this notice have been calculated based on the cost and revenue data published by the SBWMA in the "SBWMA Final Report Reviewing The 2025 Recology San Mateo County Compensation Application" dated September 19, 2024 (referred to as SBWMA 2025 Rate Report). These rates have been modified, as deemed necessary, to meet the financial requirements for providing garbage and recyclables collection services for Calendar Year 2025 in CFA. The final report was adopted by the SBWMA Board on September 26, 2024, and can be viewed by visiting the rethinkwaste website for more details about the process and the report at <https://rethinkwaste.org/wp-content/uploads/2024/09/SBWMA-BOD-PACKET-0926204.pdf>

The County sets the rates for solid waste collection to meet the projected SBWMA costs for the service area. The Residential and commonly used Commercial bin or cart proposed rates for calendar year (CY) 2025 are listed in this notice. For all other proposed bin or cart rates, and other unscheduled services, please visit our website at <https://www.smcsustainability.org/waste-reduction/curbside-collection/>. The proposed rate for one 20-gallon garbage cart for one to four residential dwelling units will increase \$3.88 per month, representing an increase in monthly charges from \$41.74 to \$45.62 per month. The proposed rate change for a 32-gallon garbage cart will increase \$4.61 per month, representing an increase in monthly charges from \$49.61 to \$54.22 per month. The recommended rates will continue to reflect a 5 percent franchise fee that will be paid to the County from Recology to administer these programs.

The garbage services at your home or business include two cost components: (1) processing and disposal at the Shoreway Environmental Center; and (2) the Recology curbside collection services. The SBWMA 2025 Rate Report indicates a 9.3 percent rate increase is needed to cover both cost components in CFA. In alignment with the rate reducing strategies approved last year, the proposed 9.3 percent increase for CY 2025 includes the Recology Carry Forward costs that were deferred from 2024. The proposed rate increase percentage also includes the remaining cost increase from CY 2024 and will conclude the two-year phased approach.

The recommended proposed rate increase of 9.3 percent would be effective on January 1, 2025. Recology will bill for any additional elective services. Residential and Commercial parcels will continue to be billed directly by Recology for all garbage services.

Unscheduled Services terms are part of the Amended Franchise Agreement with Recology and they are considered additional elective services that are specifically requested for and paid for by the ratepayers. Any Unscheduled Services requested by the customer, Recology will bill directly to the customer, and these service rates are effective January 1, 2025. These Unscheduled Services fees are not property related fees and, therefore, not subject to the Proposition 218 rate setting requirements.

What Do The Proposed Garbage and Recyclables Rates Pay For?

- **Residential weekly curbside collection for garbage, recycling and organics**
- **Commercial weekly collection for garbage and recycling**
- **Free used motor oil and oil filter collection for residents**
- **Two free "On-Call" bulky item pick-ups**
This service is a scheduled service (Feb-Dec).
- **Curbside cell phone and battery collection**
Reminder: Batteries should not be placed inside your cart. Place on top of black cart into a clear plastic bag.
- **Holiday tree recycling during the month of January**
- **Free mattress recycling** at Shoreway Environmental Center (residents only)
- **Free electronics and small appliance recycling** at Shoreway Environmental Center
- **Free confidential document shredding events**
- **Energy-efficient, cleaner emission garbage and recycling collection trucks**
- **Operation of the Shoreway Environmental Center** for solid waste and recycling processing.

Public Hearing

The Board of Supervisors has scheduled a Public Hearing on Tuesday, January 14, 2025, at 9:30 a.m. to consider adopting a resolution for the proposed garbage and recyclables collection service rates for Unincorporated Franchised Area (CFA). The proposed rates are partially listed in this notice and on the Board meeting agenda website. A complete list of the proposed rates can also be found at <https://www.smcsustainability.org/waste-reduction/curbside-collection/>.

Pursuant to Government Code Section 54953(e), the board meeting will be a hybrid meeting, open to the public for participation both in-person and online via Zoom. Anyone wishing to be heard on this matter may appear in person or via Zoom, or may submit a written statement to the Clerk of the Board. The Zoom link can be found at <https://sanmateocounty.legistar.com/Calendar.aspx> under the January 14, 2025 date and will be published on Friday, January 10, 2025. Written statements may be submitted to the Clerk of the Board via mail (Clerk of the Board, 5th Floor, 500 County Center, Redwood City, CA 94063) or email (boardfeedback@smcgov.org).

Any property owner in Unincorporated Franchise Area (CFA) may file a written protest against the proposed rate increases. The Board will consider all input, but State law provides that only written protests from property owners may be counted to determine if a majority protest to the proposed increase exists. In order to be counted, written protests must be received by the Clerk of the Board no later than the closing of the Public Hearing specified above, and must include: the property owner's name, property service address, assessor's parcel number (tax assessor's parcel number), and the property owner's signature. Written protests may be hand delivered or mailed to the Clerk of the Board at 500 County Center, Redwood City, California 94063. No more than one protest per parcel may be submitted.

If a majority protest exists, the Board cannot impose the increased rates. If, at the conclusion of the Public Hearing, a majority protest of property owners does not exist, the Board will consider adoption of the proposed rates.

Individuals requiring special assistance or a disability-related accommodation to participate in this meeting, or who have a disability and wish to request an alternative format for the meeting, should contact Sukhmani Purewal, Assistant Clerk of the Board, by 10:00 a.m. on the day before the meeting at spurewal@smcgov.org or (650) 363-1802. Advance notification enables the County to make reasonable arrangements to ensure accessibility.
